HOW TO ORDER. In ordering DOALL Precision File Bands be sure to give the complete description of the file as it appears at the top of the illustration, along with the model of the machine on which it is to be used. Example: one 1/2" Oval Vixen Coarse Cut 12 Tooth File Band for Model ML.

TO ORDER BY WIRE. To order by wire use the code word which appears in the space along with the price. The one word is sufficient information. Example: "SEND ONE TAKAY AND ONE TASTE" (Decoded—Send one 1/4" Oval Bastard Fine Cut 34 Tooth File Band and one 1/2" Oval Vixen Coarse Cut 12 Tooth File Band, both 114" long for ML, V-16, or JXD).

Prices effective October, 1941

In cooperation with the War Production Board, we have to essential sizes have been omitted however, and the usual s
